

VIDEO PHOTO MONTAGE

A video montage is a creative way to express a collection of photographs assembled together and placed onto video. Photo montages are a perfect gift to share with family and friends and can be very rewarding, expressive and emotional!

Standard DVDs \$10 each*

Preserve your family memories for generations to come without degeneration. Each standard DVD arrives with a label and DVD case.

Archival DVDs \$15 each*

We recommend at least one micro-coated Master Archival DVD. An archival DVD can resist scratches and fingerprints and is 100x more resistant to surface scratching than standard DVDs. Each archival DVD is labeled and stored in a DVD case.

VHS Videocassette \$30 each*

Professional grade videocassette for use with a VCR. Each VHS video comes with a label and video sleeve.

*Maximum of 2 hours per video.

Slides/Photo CD** \$20 each

We place all the images for the video on a CD or DVD for you to share with family and friends. Each photo is archived as a JPEG image. You can print each individual image at home or make prints on photographic paper using a photo kiosk. A perfect way to make duplicate photos to share with others. Especially useful at reunions when someone wants a particular photo from the video. Photos can also be emailed or used as computer screen-savers.

▶▶ Each photo must be numbered in the order of appearance. We recommend numbering the back of each photo with a Post-It or piece of paper and tape. We do not suggest using markers or pens to write numbers on the actual photos since many inks can damage photographs.

▶▶ The first title page is provided for free at the beginning of the video. Additional titles are \$2.00 each. Provide notation for placement of each additional title page. Please write legibly and verify spelling.

▶▶ Approximately 10 photos = 1 minute of video.

▶▶ Picture sizes can range between wallet to 8x10.
